

Jeu de test pour regex d'extraction: titre_contrat, dates, parties, duree, date_fin, objet_contrat

Note: Ce corpus contient des pages positives et negatives, plus des variantes FR/EN/AR et quelques cas pieges (dates multiples, labels proches, blocs parties).

Champs cibles

- titre_contrat
- date_signature
- date_effet
- parties (noms / lignes parties)
- duree / date_fin
- objet_contrat

Conseils d'évaluation

- Evaluez d'abord en mode many=true (candidats), puis avec dedup + ranking (1 valeur/champ/page).
- Les pages NEGATIVE servent à mesurer les faux positifs (facture, bon de commande, bon de livraison, memo interne).
- Les dates utilisent DMY et YMD; certaines pages contiennent des chiffres arabes-indiens --٩.

Legende

POSITIVE = document contrat/agreement

NEGATIVE = document non-contrat
